Harbor House, Orange County Center against Domestic Violence, is a private, nonprofit organization founded in 1977 to support women and children in need.

The Harbor House provides services such as temporary safe shelter; a 24-hour crisis hotline; child, teen, and adult counseling; Teens Ending Abusive relationships (T.E.A.R.) program in middle and high schools; and advocacy on court and legal issues. The Harbor House Emergency Shelter complex can accommodate up to 52 women and children.

4-H Plumbing donated labor and plumbing materials for the Harbor House construction project made possible by K.B. Home and their related trade partners. Fixtures were provided by their respective manufacturers.

## Happy Birthday Rob Hamilton!

Since there is only room for one large Birthday headline per Pipeline issue, we postponed Rob Hamilton's (Summerfield office,

Owner) June 10<sup>th</sup> birthday greeting one extra issue.

*(We would like to dedicate this single, solitary, one-candle cup-cake to you, Rob - Happy Birthday!)*

### NEW in ORLANDO

all employees  
with a  
birthday in  
JULY**

**HAPPY  
BIRTHDAY!**

**BREAKFAST  
CALENDAR**

- **Clermont**—  
July 10, Aug 7,  
Sept 4, Oct 23,  
Nov 20, Dec 11
- **Orlando**—  
July 27, Aug 24,  
Sept 21, Oct 26,  
Nov 16, Dec 14
- **Summerfield**—  
July 28, Aug 25,  
Sept 22, Oct 28,  
Nov 21, Dec 15

**Secretary Awards**

During the second quarter, Dalia Yatim, Darlene Sanders and Evelyn Edwards (all from the Orlando office) qualified for the secretary of the quarter.

After a vote was taken at the Orlando location, Evelyn Edwards won the parking spot and her name placed on the plaque. All three employees win a free dinner and movie passes.

**Employee Updates**

 Our new Supervisor, David Frick, has taken over Elier Texidor's position at the Orlando location.

 Rita Cho-sam transferred from Clermont to the Orlando shop to handle reception & scheduling.

 Allison Rohn has taken over Rita's position in Clermont.

 Thank you Tammy Stein for covering Dena Castro's position while she was on maternity leave.

**Florida Hurricane Season 2006**

Once again, we have entered a new Hurricane season in Florida. We should all prepare for rough weather, food shortages, contaminated water supplies, power outages and more. Make sure you stock up early on the essentials needed to survive a storm.

When a storm is nearing Central Florida, please contact your manager or supervisor to find out updated information related to your work environment, safety precautions and possible office closures.

**Top Plumbers for June 2006**

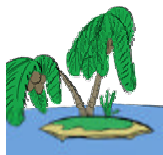

**ORLANDO SHOP**

- 226 David Sosa - Myrtill Jeauqi

- 165 Norberto Cruz - Luis Cruz

**Picnic Updates**

This year's company picnic is quickly approaching. The picnic will be held on **November 12, 2006** on a secret private Island of Shane Hamilton's choosing.

**4-H would like to congratulate everyone who made the Top Plumbers listing for June 2006!**

## Heavy Equipment News

4-H Plumbing has added a new backhoe to our heavy equipment collection. There are currently three available backhoes located in Orlando, one in Clermont and four in Sumnerfield.

## Employee Handbooks

Our newly updated employee handbook has been distributed to all 4-H employees. If you have any questions regarding policy changes outlined in the handbook, please contact your Human Resources manager. (Spanish copies are available upon request.)

## Help Wanted

4-H Plumbing is now hiring experienced, motivated plumbers and helpers. Please spread the word to your friends and family and have them contact one of our locations for additional information. Employment packages include vacation, bonuses, 401K and more.

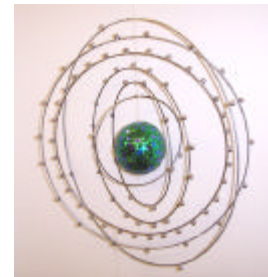

Interested parties can download and print our application (or apply online) by pointing their web browser to [4hplumbing.com](http://4hplumbing.com).

## Why are We called Plumbers?

When cities first started using pipes to carry water for irrigation and sanitation, the pipes were often made of lead. Because the Latin word for lead is *plumbum*, this piping system came to be referred to as plumbing.

Luckily, we no longer move water through lead pipes. Many people died from poisoning associated with lead, including King Tut. But don't just blame the pipes! People also used lead in pottery, especially in their drinking vessels. Those wealthy enough to afford leaded goblets and dishware were more susceptible to this type of death. Today, lead has been removed from many of the products that once contained it. Pipes, pottery, gasoline and paint have all become lead-free... though plumbers can still trace their name back to this usage.
